

WATERMAX regenerates on demand, by calendar or by exact water usage.

The flexibility of the solid state System Control makes it possible. A 12-volt low voltage power supply powers the Systems Control.

- Easy To Set
- Maintains program settings during power outages
- Absolute Brining - Never Wastes Regenerant
- Capacity Guard - Protects Reserve Bed
- Languages: English, Spanish, French
- Calculates Compensated Hardness
- Gallons or Liters
- No Hazardous Voltages

The **WATERMAX** super quiet control valve...

- Only one internal moving part to ensure long life and reliable operation
- Corrosion Resistant Materials
- Built-in Bypass with Test Port
- Blending Valve is installer-adjusted to precisely match your preference.
- 1" Valve Porting - allows high flow and minimal pressure drop.
- Hydro-Slide Piston Teflon™ - encapsulated for years of trouble-free operation
- Tested for over 100,000 cycles with no detectable wear
- Valve piston is controlled by WaterMax® exclusive magnetic technology - no solenoids or switches.

Fill Plug

- Provides easy media accessibility for maximum serviceability as water conditions may change... a costly add-on with conventional units.

Hague's commitment to excellence:

Each Hague Quality Water unit is designed, built and tested in our technologically advanced testing facilities - unmatched in the industry.

Hague Quality Water International's team of engineers has successfully attained nine patents with more pending. This is just another way Hague is on the cutting edge of water treatment product design.

25 Year Limited Warranty

Why doesn't every water treatment manufacturer offer a 25 Year Limited Warranty? **WATERMAX** is protected by our exclusive 25 year limited warranty. Ask your independent Hague Dealer for a copy!

The WQA Gold Seal assures our products have been tested and validated by the Water Quality Association. This validation assures all electrical components are UL or CSA listed and all components in contact with the treated water are **certified to FDA or NSF/ANSI standards**.

Powered by an ENERGY STAR® qualified adapter for a better environment

The **WATERMAX** transformer has earned Energy Star certification by demonstrating superior energy efficiency.

Exceeds efficiency standards of every state, including California.

Operational, maintenance and replacement requirements are essential for the product to perform to specifications.
